4. Then forehand turn left 180 degree (move your horse's haunches to the right).
5. Transition to a sitting trot in a straight line for about 20 ft
6. Halt and make a 180-degree haunch turn to the right (move your horse's shoulders to the right).
7. Transition to posting trot for about 15ft
8. Then make a 180-degree haunch turn to the left (move your horse's shoulders to the left).
9. Walk forward a few feet then trot a spiral to the left (big circle (max 20 meters) to a small circle (5-10 meters) to big circle again)
10. Halt and go sideways to the right 5 steps and then sideways to the left 5 steps.
11. Bend your horse left and then right without moving their legs.
